

Manatee Mantra #88:

The Sneetch Challenge.

We at **blue manatee** find the abuse of the term “smoothie” to dilute and pollute, annoying. We take pride that ours are 100% organic fruit, juice, and your choice of base. No ice. No ladled syrup. No hokey powders. No institutional cartons aslosh with apple-based glop. No Styrofoam. If you could send our delectable blends through a de-smoothing machine developed by Sylvester McMonkey McBean of Dr. Seuss’ *The Sneetches*, you would be impressed (as would the Sneetches).

blue manatee: purity and goodness go hand in hand.
